

Landscape C of E Primary School

History Curriculum Plan

Our curriculum statements are designed to be used as a supportive tool to plan teaching and learning across our school. The key skills are derived from the National Curriculum and split into individual year groups to support a progressive approach and our mixed age classes.

The study of history involves engaging pupils in investigating questions about people and events in the past in order to enable them to better understand their lives today and for a future as more informed and enlightened citizens. Through the study of history pupils also develop a wide range of critical thinking skills, which enable them to understand the contested nature of knowledge and to distinguish between 'fact' and subjectivity when it comes to reaching conclusions and making judgements about the past. With this in mind, at Landscape, we are proud of our History Curriculum which is:

- **Aspirational:** Our high-expectations in History teaching and learning enables our children to fulfil their individual potential, cultivates their natural curiosity about the past and enables our children to appreciating the value of History as a subject in the 21st century.
- **Engaging:** Our children develop their historical perspective through enquiry-based learning. The concepts 'continuity & change', 'cause & consequence', 'similarity & difference' and 'significance' underpin these, with children asking increasingly nuanced questions, exploring how the past is constructed from a range of sources, appreciating why interpretations of history vary and understanding how knowledge of the past is constructed by historians.
- **Logical, Broad and Balanced:** Learning and enquiries have been purposefully selected and sequenced to support chronological understanding, to be relevant to our local community and to meet the guidance and expectations of the Early Years Foundation Stage and the National Curriculum. To further learning about people, events and periods of the past, key historical concepts, such as 'monarchy' or 'trade', are taught within historical contexts and are revisited and developed through our curriculum.
- **Progressively More Challenging:** Children build upon prior learning and encounter more complex subject knowledge using increasingly sophisticated critical thinking skills. In doing so children develop a secure subject knowledge, achieve a deeper understanding key concepts and appreciation for the discipline - what it means to work historically.
- **Inclusive:** All children are entitled to our History Curriculum, with personalisation and differentiation being used to extend and support individual children as necessary.

Our children leave Landscape with a chronologically secure historical knowledge rooted in their mental timeline; with a clear understanding of how historians have reached their interpretations of history and how the world we live in today has been shaped by our predecessors and could, ultimately, be shaped by their actions.

Vocabulary

Children's command of vocabulary is fundamental to learning and progress across the curriculum. Vocabulary is developed actively, building systematically on pupil's current knowledge and deepening their understanding of etymology and morphology (word origins and structures) to increase their store of words. Simultaneously, pupils make links between known and new vocabulary, and discuss and apply shades of meaning. In this way, children expand the vocabulary choices that are available to them. It is essential to introduce technical vocabulary which define each curriculum subject. Vocabulary development is underpinned by an oracy culture and a tiered approach. High value is placed on the conscious, purposeful selection of well-chosen vocabulary and appropriate sentence structure to enrich access to learning and feed into written work across the curriculum.

EYFS – Reception History Vocabulary – This is just a starting point for teachers to amend according to the needs of their children.

Chronological vocabulary: adult, after, afternoon, baby, before, calendar, child, day, future, grandparent, life-cycle, long ago, memory, morning, new, next, night, old, parent, seasons, past, present, time, then, yesterday

Disciplinary vocabulary: change, compare, different, fossil, museum, order, sequence, similar, what, when, where, who, why,

Substantive Concepts: belief, buildings (architecture), celebration, conflict, farming (agriculture), equality, invent, job, king, money, migrate, power, queen, religion, royal, tradition, technology, transport, tourism

KS1 Key History Vocabulary – This is just a starting point for teachers to amend according to the needs of their children.

Chronological vocabulary: century, childhood, chronological, decade, future, great-grand parent, lifetime, living-memory, modern, month, period, recent, past, present, timeline, tomorrow, week, year

Disciplinary vocabulary: archaeologist, artefact, cause, change, compare, consequence, continue, diary, evidence, first-hand, historian, history, impact, interpretation, opinion, reason, sequence, significance, similar, source, version

Substantive concepts: agriculture, architecture, belief, city, conflict, communication, democracy, education, empire, explorer, inequality, government, invasion, invention, law, lifestyle, manufacture, material, medicine, military, monarchy, occupation, parliament, power, protest, religion, rights, slavery, society, technology, trade, transport, tradition, war

	Autumn Term	Spring Term	Summer Term
Rolling Programme A	Who is the Greatest History Maker?	World War 1: Why was Charles sent to prison?	What does it take to become a Great Explorer?

Curriculum Organisation and Information

Our History curriculum enables all learners to develop their historical perspective progressively as they move through each stage of their education, by acquiring chronologically secure historical knowledge through historical enquiry. This knowledge of people, events and periods, can only be meaningfully acquired when historical terms, including key substantive concepts such as ‘empire’, ‘invasion’ and ‘trade’, are taught in historical context and developed throughout our curriculum. The historical concepts ‘continuity & change’, ‘cause & consequence’, ‘similarity & difference’ and ‘significance’ underpin our enquiry-based learning, with children asking age-appropriate and increasingly nuanced questions, exploring how the past is constructed from a range of sources, appreciating why ‘interpretations’ of history vary and, ultimately, understanding how knowledge of the past is constructed by historians.

The Early Years Foundation Stage (EYFS)

Children in Reception develop an early understanding of history through the knowledge and skills outlined in the EYFS’s area of learning called ‘Understanding of the World’ (UotW) – ‘Past and Present’. However, as with all learning in the early years, children’s understanding of the passing of time permeates into all areas of the EYFS curriculum and is enriched by both specific teaching and broader classroom practises, with opportunities to further understanding of the past and present being made as appropriate to do so - including spontaneous child-led learning moments!

Reception teachers plan engaging lessons that link to their inspiring half-termly topics to develop children’s historical knowledge chronological understanding and emergent enquiry skills. Lessons introduce topic-specific vocabulary, include both adult-led and play-based learning activities and nurture the ‘characteristics of effective learning’. Learning is embedded in the children’s real-life experiences, the experiences of people they know and in the context of the wide variety of texts (stories, non-fiction, rhymes and poems) shared in class. Children explore the meaning of new vocabulary, use language to imagine and recreate roles and experiences in play situations and learn to use past, present and future terminology accurately. They learn to use tenses correctly and, supported by our ‘Oracy’ approach, children develop their ability to clearly articulate their ideas and begin to justify their thinking. The language rich learning environment is purposefully provisioned to further learning and provides opportunities for children to explore and compare aspects of the past with those of the present day. At all times children are encouraged to be curious, to observe closely and to discover for themselves – key skills which are fundamental to the development of our little historians!

Key Stage One and Two

Children in Key Stage One and Key Stage Two must receive the full entitlement of the National Curriculum (NC) and we ensure this is delivered through our enquiry-led history curriculum which is based on the expertise of the Connected History units, which we have carefully crafted into two-year rolling programme to meet the needs of our mixed-age classes. We have purposefully selected and sequenced topics, through and across key stages, to build cumulatively on prior learning and to progressively further skills development. History learning is organised into half-termly topics (that alternate with Geography) which allows students to ‘dive-deeper’ into their learning and limits the time between history topics - helping children to retain their learning. Opportunities for meaningful cross-curricular learning are made whenever appropriate, particularly during half-terms where history is not discretely taught to revisit skills and reinforce key knowledge.

Our history topics are based around an engaging ‘big question’ (shaped by a second-order concept) which captures children’s interests and gives purpose to learning. Rather than giving children all the answers through their topic learning, children embark on a journey of exploration! At the beginning of each topic children share questions that they would like to find answers to, and teachers always encourage children to ask their own questions understanding that curiosity is central to historical enquiry. Supported by our whole-school Oracy approach, children learn to articulate their ideas and to justify their thinking with opportunities for partner, group and whole-class discussion and debate being planned into each topic. Studying history in this way inspires children’s curiosity, it encourages them to ask critical questions and develops their characteristics of effective learning.

Teachers use the Link Academy agreed Medium Term planning document to plan a sequence of learning based on their ‘big question’, referring to the Connected History guidance and the Progression in Key Skills document below and the historical terms banks above. Each topic has a clear learning journey, with an ‘elicitation task’ at the start of a topic to identify a child’s prior knowledge. Children are then taught the knowledge and skills they need to answer the over-arching ‘big question’ in small manageable steps, with each lesson having a clear curriculum linked learning objective which is shared with the children - making it clear what and how children are expected to learn. Teachers begin each lesson with a ‘flash-back’ to previous or key learning, in order to address misconceptions, reinforce learning and to support long-term memory connections – helping children

retain knowledge. Lessons include a range of teaching approaches, activities are differentiated to challenge and support children appropriately and provide opportunities for children to work independently, with a partner or in a group. History lessons are tailored to the needs of each child, with teachers using ‘assessment for learning’ strategies to swiftly pinpoint children’s next steps in learning to identify those who require more support and those who can be challenged to ‘dig deeper’ - maximising progress. Learning is adapted and personalised to ensure children with SEND or EAL are able to access the full curriculum and have an equal opportunity to take part in every aspect of the History curriculum. A topic ends with a ‘time to shine’ activity which concludes and celebrates children’s learning.

Teachers capture ‘creative’ learning using a SWAY document and promptly mark recorded learning in line with Broadhempston’s marking policy, ensuring feedback is purposeful, furthering history learning and addressing misconceptions. Each classroom has a topic display (which includes key vocabulary), book corners including topic-linked books and a timeline displayed to support children’s chronological understanding. Topics always include inspiring ‘hooks’ to provide memorable learning opportunities, with teachers organising trips to museums and cultural sites, guest speakers, immersion days, ICT and physical resources/artefacts are used where possible.

The subject leader monitors standards through ‘book looks’ including Sway & Tapestry, pupil conferencing, looking at planning, learning walks and discussions with staff and supports teachers with subject knowledge and continued professional development for example by leading staff meetings and making staff aware of new resources. Beyond curriculum specific learning the subject-lead also oversees the celebration and commemoration of annual significant and local historical events such as Armistice Day, Bonfire Night or the Queen’s Platinum Jubilee throughout the school.

		Landscape’s Two-Year Rolling Programme					
		1 st Autumn Term		1 st Spring Term		1 st Summer Term	
		Farming: Why are farms so important?	Colour & Change: How do the seasons affect us?	Space: Why is planet Earth special?	Dinosaurs: What if dinosaurs were around today?	New Life & Minibeasts: Are all animals the same?	Changing Environments: Where in the World could we go?
Key Stage One	Yr A	Who is the Greatest History Maker?		World War 1: Why was Charles sent to prison?		What does it take to become a Great Explorer?	
	Yr B	How do our favourite toys and games compare to those of the children of the 1960’s?		Pompei: How do we know so much about where Sappho used to live?		Why is the history of my locality significant? Sir Francis Drake	
Lower Key Stage 2	Yr A	How did the arrival of the Romans change Britain?		Who were the Anglo-Saxons and how do we know what was important to them?		What did the Vikings want in Britain?	
	Yr B	How did the lives of ancient Britons change during the stone age?		What is the secret of the standing stones? (Bronze age)		How do artefacts help us to understand the lives of the people in Iron Age Britain?	
Upper Key Stage 2	Yr A	Why did Britain once rule the largest empire the world has ever seen?		Why is the history of Dartmoor significant?		Why did the ancient Maya change their way of life?	
	Yr B	How did a pile of dragon bones help to solve an ancient Chinese mystery?		Why was winning the ‘Battle of Britain’ in 1940 so important?		The story of the Trojan Horse: historical fact legend or classical myth?	

The National Curriculum

Pupils are taught:

In Key Stage 1:

- changes within living memory. Where appropriate these should be used to reveal aspects of change in national life
- events beyond living memory that are significant nationally or globally [for example the Great Fire of London, the first aeroplane flight or events commemorated through festivals or anniversaries]
- the lives of significant individuals in the past who have contributed to national and international achievements. Some should be used to compare aspects of life in different periods
- Significant historical events, people and places in their own locality: Sir Francis Drake

In Key Stage 2:

- changes in Britain from the Stone Age to the Iron Age.
- the Roman Empire and its impact on Britain.
- Britain's settlement by Anglo-Saxons and Scots.
- The Viking and Anglo-Saxon struggle for the Kingdom of England to the time of Edward the Confessor.
- a local history study – 'Dartmoor'
- a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066 – The Mayan Civilisation
- the achievements of the earliest civilizations – an overview of where and when the first civilizations appeared and a depth study of one of the following: Ancient Sumer; The Indus Valley; Ancient Egypt; The Shang Dynasty of Ancient China
- Ancient Greece – a study of Greek life and achievements and their influence on the western world
- a non-European society that provides contrasts with British history – one study chosen from: early Islamic civilization including a study of Baghdad c. AD 900; Mayan civilization c. AD 900; Benin (West Africa) c. AD 900-1300.

History Progression: Building of Knowledge (see End Points & individual enquiries for specific details)

	Cause & Consequence	<ul style="list-style-type: none"> I question why things happen. I can give simple explanations. 	<ul style="list-style-type: none"> I can describe & suggest reasons for why people did things & the effects of their actions. I can identify & describe the causes & effects of a particular event. 	<ul style="list-style-type: none"> I can identify, describe, explain & suggest some reasons for people's actions or event & results of these. I can explain why Historians believe a historical person achieved or failed, and the consequence of this. I can identify, describe & explain how a person or event had a lasting impact. 	<ul style="list-style-type: none"> I can identify, describe, explain, suggest evidenced reasons for & evaluate people's actions or events, & the results of these. I can explain, evaluate & reach a judgement about how a person or event had a lasting impact. I can describe & explain theories for why a civilization disappeared & reach a judgement about probability. 			
	Significance	<ul style="list-style-type: none"> I talk about special times or events for me, my family & friends. 	<ul style="list-style-type: none"> I can identify, describe and suggest reasons for why people, places & events are historically important. I can identify significant artefacts & remains from events & people I've studied. 	<ul style="list-style-type: none"> I can identify, describe, explain & suggest some reasons for the significance of people & events studied. I am beginning to describe the significance of artefacts, remains & monuments to society at the time & to history. 	<ul style="list-style-type: none"> I can identify, describe, explain, make evidenced judgements for & evaluate the significance of people, artefacts & events studied. I can explain the significance or artefacts, remains & monuments from periods & events studied. 			

Sources & Evidence	<ul style="list-style-type: none"> <i>I can draw on my experiences & what's been read in class.</i> <i>I understand the past through settings, characters & events encountered in books read in class & storytelling.</i> <i>I can comment on images of familiar situations in the past.</i> <i>I can compare & contrast characters from stories, inc. figures from the past.</i> I know information can be found in different places - books, online, etc. I am aware of fossils & museums. 	<ul style="list-style-type: none"> I know there are different ways of learning about the past & that there are different sources of evidence. I can identify & describe some ways we can find out about the past: inc. artefacts and remains. I recognise there are first-hand & second-hand sources of information. I understand not all sources are trustworthy. I can devise interview questions to learn about the past. I can identify & describe ways that archaeologists & historians learn about the past – reconstruction, etc. I recognise museums store & conserve artefacts & other sources of historical information. I can identify parts of stories (& other sources) to show understanding of historical concepts (above). I can identify & locate places studied on a map. 	<ul style="list-style-type: none"> I can identify primary & secondary sources. I can compare & contrast 'trustworthiness' of sources. I can identify, describe & explain artefacts, using them to suggest what life was like. I can justify my opinions using historical evidence. I understand the difference between historical evidence, legend & folklore. I can explain how archaeologists use artefacts & remains to understand the past. I can describe a site of historical remains & reach a judgement regarding its purpose. I can use evidence to explain why historians have interpreted a historical person, event or period in history in a particular way. I can identify places & spaces of historical importance studied on a map. 	<ul style="list-style-type: none"> I understand how knowledge of the past is constructed from a range of sources, inc. textual, oral sources, artefacts & the historic environment. I can make substantiated judgements informed by reliable sources of evidence. I can identify, describe & explain artefacts – using them to reach judgements, such as about ways of life. I can conduct my own research using primary and secondary sources. I can interpret both written & numerical evidence. I can evaluate & critique a range of sources, including visual, written & archaeological evidence. I can evaluate the 'usefulness', 'trustworthiness' and 'reliability' of sources. I can locate, describe & explain places & spaces of historical importance.
Communicating Ideas	<ul style="list-style-type: none"> <i>I can talk about lives of the people around me & their roles in society.</i> <i>I know some similarities and differences between things in the past and now.</i> <i>I can talk about members of my immediate family and community.</i> <i>I can name and describe people who are familiar to me.</i> <i>I can comment on images of familiar situations in the past.</i> I can use the past, present and future tense correctly. I can talk about pictorial timelines of my personal experiences. I sequence familiar & story events. 	<ul style="list-style-type: none"> I use some taught historical vocab. & terms. I can answer simple questions about the past, inc. those related to 'significance', 'cause & consequence', 'similarity & difference' & 'continuity & change'. I can compare & contrast people, events & key characteristics of life studied. I can share my opinion & my reasoning. I can describe & present my information to others. I can interpret & add to a simple timeline of events. I can suggest how people may have felt during an event studied. 	<ul style="list-style-type: none"> I use taught historical vocab. & terms appropriately. I am beginning to answer more historically focussed questions about the people, events & periods I have studied, shaped by historical concepts 'significance', 'cause & consequence', 'similarity & difference' & 'continuity & change'. I can compare & contrast people, events & features of periods studied, reaching judgements about them. I can construct informed responses & justify my opinion by selecting & organising historical information. I can present, communicate & organise ideas from the past using discussions, visual presentations & a range of writing. I can reconstruct an aspect of history (perhaps through an annotated drawing or a model) & explain my reasoning. I can present information & ideas based on research. I can interpret, add to & construct timelines. I can describe & explain how people may have felt during an event studied. 	<ul style="list-style-type: none"> I use taught historical vocab. & terms effectively. I can answer historically focussed questions about the people, events and periods I have studied, shaped by historical concepts 'significance', 'cause & consequence', 'similarity & difference' & 'continuity & change'. I can compare & contrast people, events & features of periods studied, reaching thoroughly evidenced judgements about them. I can answer questions about the past, justify my opinion, reach a judgment & construct informed responses by synthesising historical evidence. I can present, communicate & organise ideas from the past using detailed discussions, debates, visual presentations & a range of writing. I can reconstruct an aspect of history (perhaps through an annotated drawing or a model) & explain my reasoning. I can present information & my ideas based research. I can interpret & construct more complex timelines. I can empathise with how people may have felt during an event or period studied.
Interpretations <i>(how & why they vary)</i>	<ul style="list-style-type: none"> I am beginning to understand there is not always certainty about what happened in the past. 	<ul style="list-style-type: none"> I understand the past can be interpreted, for example by historians & archaeologists. I can identify some different ways in which the past has been represented. 	<ul style="list-style-type: none"> I understand different interpretations of the past exist. I can suggest reasons for why accounts of the same event may be different. I can use evidence to explain why historians have interpreted a historical person, event or period in history in a particular way. 	<ul style="list-style-type: none"> I can recognise, identify & can give reasons for different interpretations of the past. I can give reasons for a person or event being interpreted in a range of different ways. I can explain why some sources can be (& have been) interpreted in conflicting ways.

In order to assess impact - a guide

Teachers are responsible for the regular assessment of their pupils against key skills to judge the impact of teaching and learning in History. Teachers look at the learning journey of each unit studied being aware of what the children need for their next learning and what they can take from prior learning. Units will therefore begin with an elicitation task either individual or whole class to judge prior knowledge; a KWL (know want to learn learnt) grid could be used and may be completed independently in books or constructed with the teacher.

Children's progress is monitored against National Curriculum expectations and key skills. Judgement is informed through use of children's books dialogue class scrapbooks evidence on Sway and Tapestry and AFL pieces. Teachers need to be clear on how the children will show their learning through a presentation art work or extended writing for example providing opportunity for pupils to communicate their learning in a variety of ways.

There is an expectation that History learning in books will be the same quality as that in English books. Marking and feedback in History should be the same standard as marking/feedback within other learning across the curriculum including English. The focus for spelling corrections is on History vocabulary and the expectation is that children who are ARE will spell these correctly throughout their History writing.
